# “We're on Google. People can find us.”

*...right?*

Most businesses only show up when someone types their name in full. Spelled correctly. Twice.

*Swipe* 

# A free teardown shows you *3 things.*

1 **How Google sees your site**
What it can read, and what it can't.

2 **How AI tools describe you**
What ChatGPT says when someone asks.

3 **Where you're invisible**
The gaps your competitors are filling.

# A recorded walkthrough.

No call to book. Watch it when it suits you, share it with your team, and keep it.

THEN, IF YOU WANT

# Fix the biggest gap *in 3 days.*

| | |
|---|---|
| DAY 1 | Crawl and indexing blockers, cleared. |
| DAY 2 | Schema added, so machines get the facts right. |
| DAY 3 | Key pages rewritten to answer real questions. |

The AEO fix sprint: $500, fixed price, with a 90-day roadmap.
